Teachers Association
is urging you to vote...**

**FROM THE DESK OF
MARYKAY SCHEID**
PRESIDENT, ONTARIO-MONTCLAIR TEACHERS ASSOCIATION

Dear Fellow Teacher,

As teachers, we know what's best for our students. That is why it's very important that you vote **Yes on measure K**. Of all the proposals on this year's ballot, measure K will have the most significant and positive impact on our school district by repairing our aging schools and classrooms.

Our elementary and middle schools have required critical repairs and upgrades for decades. Some of our schools are over 75 years old. That's as far back as 1941, the same decade the slinky and color TV were invented. The children in our community deserve a fair shot at learning in safe and innovative schools, just like our neighboring school districts.

Yes on K will:

- Retain/attract quality teachers
- Update accessibility for disabled persons
- Remove mold, asbestos and lead paint
- Provide clean/safe classrooms and a quality learning environment for students
- Upgrade fire safety systems, including safety doors and smoke alarms/detectors

measure K is the very last proposal on this year's November 8th ballot. Remember, K is for kids. vote **Yes on K** to keep kids safe.

MaryKay Scheid
